

I'm going to make a facebook group exclusively for women who lift weights.

But the principles are the same for men and women, so why exclude men?

There are things I don't want to say to a man. You wouldn't understand.

Don't tell her what to do!!!

I think men and women can talk about all subjects together, we don't need to divide, I just get it...

So SEXIST! You can't tell us what to do! what if we want to talk about periods and farting! who cares!!

But...

DON'T JOIN THE GROUP THEN!!

Hi, a friend of mine says you do artwork commissions.

Yeah

Can you draw me a dragon with two penises?

Are the penises one on top of the other or side by side?

Why do people think it's acceptable for their demonic children to scream constantly in a cafe while people are trying to have lunch!?

I feel sorry for the parents because they are in an impossible situation.

Why feel sorry for the parents? It was their choice to have kids, and part of that is dealing with screaming, they chose this. I feel sorry for the people just trying to have lunch.

Society includes children. If you don't like it, leave society.

Marriage is a waste of money, makes no difference to anything, and people just do it because they think they have to.

Yeah.
